

PERSONAL STATEMENT

I'm a creative professional from India currently based in China. I love everything that has to do with forms, colors & finishes, Branding, graphics, Interfaces, Experience design and I feel a true devotion for Industrial design.

I have 6 years of Industrial design experience in consumer electronics, appliances and accessories with brands and design studios. I mostly work on "next" and "intuitive" and interested in exploring new things. I love working with people, specially if they have the same passion I have for what they do. Why don't we work together? Go further down to see why I am the man you need to hire!
